Dear sir/madam

RE: APPLICATION FOR INFORMATION TECHNOLOGY GRADUATE TRAINEE POSSITION

I am writing to express my enthusiastic interest on the IT graduate trainee position in your organization. With a solid foundation in IT infrastructure management, network administration, cyber security, auditing skills and technical support, I am confident that my skills and experience align well with the requirements of this role and can contribute significantly to your team.

Throughout my career, I have developed a robust skill set in maintaining efficient and secure IT environments. My experience includes managing network systems, troubleshooting hardware and software issues, implementing cyber security measures, and providing user support. I am adept at ensuring system uptime, optimizing performance, and resolving technical challenges promptly to minimize operational disruptions. Additionally, I am proficient in various operating systems, network protocols, and IT support tools.

I am particularly drawn to organizations that embrace innovation, prioritize sustainability, and maintain a reputation for excellence. I am eager to leverage my problem solving abilities and dedication to continuous improvement to support your technological needs and contribute to your continued success. My proactive approach to IT management and commitment to user satisfaction would make me a valuable asset to your team.

Thank you for considering my application. I have attached my CV for your review, which provides further details on my qualifications and professional background. I am available for an interview at your earliest convenience and look forward to discussing how my skills can benefit your organization. Lastly am willing to relocate.

Sincerely,

Chriswell Peyara

✉ peyarachris@gmail.com

📞 +263 77 609 2761

🏠 121 Addylin Street
Marlborough Harare

DOB: 15/10/2000
Gender: Male
Marital Status: Single

Skills

■ Web development with knowledge of Javascrip, HTML, Boostrap, Php

■ Android Development using Flutter and Android Studio

■ Java developer using frame works…..

■ Hardware repairing and Software solutions

■ 365 Office packages

■ Emailing facilities

■ Network Configurations. Adding computers, printers, servers to the domain. Adding vlans to the network. Patching patch panels, terminating internet cables. Subnetting. PalloAlto configuration. Cloud key configuration, APs configurations

■ Any IT Support

■ CCTV configurations

■ SAP Installation and configuration

Result- Driven Software Engineer with one year working experience

As a result-oriented and self-motivated software engineer with 1 year of experience in developing scalable and efficient applications. I developed a number of system including payroll systems and IoT based systems and managed to deliver them in time which are tobacco curing system and BMI calculator just to mention a few.

Employment

IT Officer Intern   21 AUG 2023- 31 AUG 2024
Olivine Industries ltd, Harare

- Data Backup - I implemented robust data backup practices that encompassed various aspects which include frequent data backup, full back ups, backup testing
- virus safeguards- I was protecting computer systems and networks from viruses and malware is essential to maintain the integrity and security of an organization's digital assets.
- Network and internet traffic monitoring – We employed sophisticated monitoring practices that include real-time visibility, Comprehensive Network Monitoring Tools, Secure Remote Access and VPNs, Bandwidth Management
- Systems design – we emphasized meticulous system design practices to ensure the successful implementation of projects
- Coding – We used best practices of coding and well-defined coding standards were used.
- IT Supporting, both remote and on ground
- Hardware repairing and software.
- Adding and removing devices from the domain.

Education

Ordinary Level
Six subjects including computer science & Mathematics.
Advanced Level
Four subjects including computer science & Mathematics
Tertiary Level

Bindura University Of Science Education, Bindura

Bachelor's and Honors Degree in Software Engineering with a 2.1 degree class()

Certificates

- Microsoft packages and Emailing certificate
- Basics of Data Science
- Basics of Machine Learning Algorithms
- Basics of SQL Statements and Indexes
- Basics of Python
- Basics of Artificial Intelligence
